

Voter ID Laws in effect
Bring it to the Ballot

Wisconsin Statutes require that voters provide a valid document establishing their Photo ID as part of the election process. This requirement applies to all voters who are not active military electors, permanent overseas electors, confidential electors, or indefinitely confined electors.

Valid forms of Photo ID must include your name, which must conform to the name you registered under and a photograph that reasonably resembles you.
The address on the document does not have to be current to be used as Photo ID.

Absentee Voting and Photo ID: you may photo copy your own Photo ID and send it in with your absentee application, or you may bring your ID to Town Hall and we can make a copy for you- but you will not receive a ballot until this is received in Town Hall. Please note that once you provide your ID, you do not need to provide it again when requesting an absentee ballot by mail for future elections, as long as you have not moved or changed your name.
